

Aundrea Tilly deJonge

Aundrea Tilly deJonge's outstanding soccer career began at Hillsborough High School. She amassed many honors during her four years. She was a four-year varsity letter winner and named both the Senior Female Athlete of the Year and Senior Athlete of the Year in 1993. She was Hillsborough High School's first female All-American. Aundrea continued her career at Richard Stockton College of New Jersey, where she continued to garner athletic honors. She was the first female athlete in the history of Richard Stockton College to be named an All-American in any sport when she was selected to the National Soccer Coaches of America's All-American First Team. The NSCAA rated her as one of the top female soccer players in the United States in Division III, which boasted 6,800 players. Aundrea also qualified as an Academic All-American with her 3.5 GPA in Chemistry. Upon graduation her #13 was retired at Richard Stockton College and now hangs in the Recreational Center.

Aundrea Tilly deJonge is the epitome of the kind of student-athlete that doesn't come along very frequently. She is an intelligent young woman as well as a gifted athlete. However, Aundrea had an admirable work ethic that motivated her to excel in the classroom and on the athletic field. Hillsborough High School was privileged to have had Aundrea Tilly deJonge as a member of its female athletic program. Her achievements should serve as a touchstone for all future athletes to measure themselves by. It is, therefore, in recognition of her performance that she is inducted into the Hall of Fame.
