

Barbara Hudock

There is no way to discuss the Hillsborough High School women's athletic program without invoking the name of Barbara Hudock. Her arrival at Hillsborough in 1971 began a stellar era, as Barbara took the helm of three programs: field hockey, basketball, and softball. Under her nurturing guidance, these programs matured and combined to win an unheard of 17 Conference Championships, 8 County Championships, 8 Sectional Championships, and 1 State Championship.

If, indeed, it is our goal to leave a place better than it was before our arrival, then Barbara Hudock has achieved that goal. Her outstanding skill as a coach and her commitment to her student-athletes has secured her selection to the Hall of Fame.

Professional Background

BS from West Chester State College
